

CONSULTATION QUESTIONS (copied and pasted from on-line form)

1. Do you support the development of an MPA network in Scotland's Seas?

(please type 'yes' or 'no' if tick boxes don't work)

Yes No

Comments

It will protect inshore spawning grounds from large trawlers/dredgers and hopefully provide more fish for small inshore boats, charterers, & divers, and better recreation for all.

Individual possible Nature Conservation MPAs

17. Do you have any comments on the case for designation, management options and socioeconomic assessment for the *North-west sea lochs and Summer Isles* possible Nature Conservation MPA?

Designation:

Final Thoughts

35. On the basis of your preferences on which pMPAs should be designated, do you view this to form a complete or ecologically coherent network, subject to the completion and recommendations of SNH's further work on the 4 remaining search locations?

Yes No

Comments

36. Do you have any other comments on the case for designation, management options, environmental or socioeconomic assessments of the pMPAs, or the network as a whole?

Yes No

Comments

There should be a lot more areas designated as MPAs. We need our inshore fish back to be allowed to spawn and provide a SUSTAINABLE livelihood for local fishermen/women & sustenance for sea trout, etc.
