Q3) Should the Home Report play a more central role in promoting energy efficiency and property condition improvements among home owners? Yes X No \Box

Q3a) If yes, please explain why

The condition and state of repair of a property can have profound effects on the energy efficiency. Costs of repairs required either through neglect or by inappropriate repair and materials also have considerable financial impact. Any potential savings from retro-fitted energy efficiency measures can be more costly to rectify if they are poorly conceived or poorly executed, they can also have a negative effect on the building fabric, accelerating decay. All of these facts have an effect on value and costs.
