

Dear Sir,

I think the las (Aer 2002) should stay as it is. It would be nice if we did not have it!

You need a pack of Hounds (Dogs) to flush foxes to the guns, as 2 Dogs would not cover the ground as quickly, and may also miss finding a fox.

I have hunted with a pack of hounds for over fifty years, on a horse and now in a car and on foot. This year we have been out as many times on foot as with a horse, owing to the ground conditions.

I know we are in touch with our
local Police, before a days for control
and also when we finish the day.

I hope the law (Act 2002) stays
as it is, so we can continue with
for control.

Yours faithfully

Alison M. Graham.
