Dear Sir/Madam

I would like to enquire how many dogs together will be considered to be a pack?

On a Pheasant or Grouse day it is not unusual for one picker up to have 5 or more dogs. If there are four picker ups they could, in theory be working 20 dogs together so would this then be classed as a pack or is it only if the handler is wearing a red coat and the quarry is foxes?

I look forward to a response.

Yours faithfully

Audrey Dykes
