Member of the general public

17. Consultation Question 1: Do you believe that the exhibitions and performances required of wild animals in travelling circuses compromise respect for the animals concerned? Why?

Yes

18. Comments

The animal is being kept in cramped conditions & can't possibly be getting the exercise & space to roam that it needs

19. Consultation Question 2: Do you believe that the exhibitions and performances required of wild animals in travelling circuses have an adverse impact on the development of respectful and responsible attitudes towards animals in children and young people? Why?

Yes

20. Comments

It possibly leads the child to think that the animal isn't wild & can be kept in captivity. Children should be taught about animals in the environment the animal is supposed to live in & that they should show respect to the animal & it's environment.

21. Consultation Question 3: Do you consider that concerns relating to respect for animals could be resolved without banning the use of wild animals in travelling circuses. If so how?

No

23. Consultation Question 4: Do you believe that the ability of none, some, or all wild animals to undertake natural behaviours are compromised within the travelling circus environment? Which species? Which needs? Why?

None

24. Comments

All species because they deserve more space & more respect. It can't possibly be good for any wild animal to be kept cooped up in a trailer, they more space to roam

25. Consultation Question 5: Do you consider that it is possible to facilitate the natural behaviour of none, some, or all wild animals within the travelling circus environment? Which species? How?

None

27. Consultation Question 6: Do you consider that the concerns raised surrounding the travelling environment could be resolved without banning the use of wild animals in travelling circuses? How?

No

29. Consultation Question 7: Do you consider that there are any benefits to be gained from having wild animals in travelling circuses? What are they?

No

31. Consultation Question 8: Do you believe that there are sufficient benefits to justify the potential compromise to the wider well-being of wild animals kept in the travelling circus? Why?

No

33. Consultation Question 9: Do you consider that the potential conflict between compromising the well-being of wild animals and obtaining any benefit could be resolved without banning the use of wild animals in travelling circuses. If so how?

No

40. Consultation Question 11: What effect do you think a ban on the use and exhibition of wild animals would have on the revenue of such circuses? Why?

Don't know

42. Consultation Question 12: If a ban on the use and exhibition of wild animals was imposed, do you think that such circuses would still visit Scotland without the wild animals? Why?

Don't know

44. Consultation Question 13: What effect do you think a ban on the use and exhibition of wild animals in travelling circuses would have on the revenue of other types of circuses (e.g. static or those travelling without wild animals)? Why?

No Change

45. Comments

If they didn't have wild animals to start with & they are still getting customers it's not gonna change for them because their circus hasn't changed any

46. Consultation Question 14: What effect do you think a ban on the use and exhibition of wild animals in travelling circuses would have on the revenue of circus venues? Why?

49. **Comments**

It shouldn't have any impact on any of those things because they aren't a travelling circus. If wild animals are being used in any of those things they surely will be kept in better conditions

50. **Consultation Question 16: Do you agree that the use of wild animals for performance in travelling circuses should be banned in Scotland? Why?**

Yes

51. **Comments**

Wild animals should be shown to children in the right environment & ok perhaps a zoo isn't ideal but the animal is being kept in far better conditions.

52. **Consultation Question 17: Do you agree that the use of wild animals for exhibition in travelling circuses should be banned in Scotland? Why?**

Yes

53. **Comments**

There's no need for a circus to have wild animals they can function perfectly well on the achievements of humans doing the daredevil things like trapeez

54. **Consultation Question 18: Do you consider that any ban should be a blanket ban on all wild animals in travelling circuses? Why?**

Yes

55. **Comments**

If there's going to be a ban then it should cover them all it wouldn't be fair to start picking & choosing

56. **Consultation Question 19: Do you consider that any specific species of animal not commonly domesticated in the British Islands should be permitted to be used in travelling circuses in Scotland? If so, which species and why?**

No

58. **Consultation Question 20: Do you consider that there are key species that should be covered by a ban in the event that a blanket ban could not be achieved? If so, which species and why?**

No

60. **Consultation Question 21: Do you have any other comments on whether/how the use of wild animals in travelling circuses should be banned from Scotland?**

No

62. **Consultation Question 22: Do you consider that the consultation paper explained the key issues sufficiently for you to properly consider your responses?**

Yes
