Member of the general public

17. Consultation Question 1: Do you believe that the exhibitions and performances required of wild animals in travelling circuses compromise respect for the animals concerned? Why?

Yes

18. Comments

Unnatural behaviour + confinement and travelling. Dubious training techniques

19. Consultation Question 2: Do you believe that the exhibitions and performances required of wild animals in travelling circuses have an adverse impact on the development of respectful and responsible attitudes towards animals in children and young people? Why

Yes

20. Comments

Children should not grow up believing that animals are here for our entertainment

21. Consultation Question 3: Do you consider that concerns relating to respect for animals could be resolved without banning the use of wild animals in travelling circuses. If so how?

No

22. Comments

We can't learn respect by confining wild animals within the relatively small confines of a circus

23. Consultation Question 4: Do you believe that the ability of none, some, or all wild animals to undertake natural behaviours are compromised within the travelling circus environment? Which species? Which needs? Why?

All

24. Comments

ALL wild animals are compromised as, by their very nature, they are wild and don't take to confinement nor travelling long distances

25. Consultation Question 5: Do you consider that it is possible to facilitate the natural behaviour of none, some, or all wild animals within the travelling circus environment? Which species? How?

None

26. Comments

Even the best circus with the best welfare can't provide a satisfactory environment for wild animals. Lions, tigers, elephants etc. These animals suffer when confined and should never be taught to perform tricks

27. Consultation Question 6: Do you consider that the concerns raised surrounding the travelling environment could be resolved without banning the use of wild animals in travelling circuses? How?

No

28. Comments

For all the reasons posted above

29. Consultation Question 7: Do you consider that there are any benefits to be gained from having wild animals in travelling circuses? What are they?

No

31. Consultation Question 8: Do you believe that there are sufficient benefits to justify the potential compromise to the wider well-being of wild animals kept in the travelling circus? Why?

No

33. Consultation Question 9: Do you consider that the potential conflict between compromising the well-being of wild animals and obtaining any benefit could be resolved without banning the use of wild animals in travelling circuses. If so how?

No

42. Consultation Question 12: If a ban on the use and exhibition of wild animals was imposed, do you think that such circuses would still visit Scotland without the wild animals? Why?

43. Comments

Because circuses can put on good and entertaining shows without using animals

44. Consultation Question 13: What effect do you think a ban on the use and exhibition of wild animals in travelling circuses would have on the revenue of other types of circuses (e.g. static or those travelling without wild animals)? Why?

No Change

46. Consultation Question 14: What effect do you think a ban on the use and exhibition of wild animals in travelling circuses would have on the revenue of circus venues? Why?
