17. Consultation Question 1: Do you believe that the exhibitions and performances required of wild animals in travelling circuses compromise respect for the animals concerned? Why?

Yes

18. Comments

It is not natural for them.

19. Consultation Question 2: Do you believe that the exhibitions and performances required of wild animals in travelling circuses have an adverse impact on the development of respectful and responsible attitudes towards animals in children and young people? Why?

Yes

20. Comments

They will learn that it is OK to exert power over other living things and entirely acceptable to get them to perform tricks using sticks/whips.

21. Consultation Question 3: Do you consider that concerns relating to respect for animals could be resolved without banning the use of wild animals in travelling circuses. If so how?

No

23. Consultation Question 4: Do you believe that the ability of none, some, or all wild animals to undertake natural behaviours are compromised within the travelling circus environment? Which species? Which needs? Why?

All

24. Comments

I cannot accept that any creature would find this situation anything other than frightening. They would not naturally travel in crates and experience the noises associated with driving along a road or motorway.

No

31. Consultation Question 8: Do you believe that there are sufficient benefits to justify the potential compromise to the wider well-being of wild animals kept in the travelling circus? Why?

No

33. Consultation Question 9: Do you consider that the potential conflict between compromising the well-being of wild animals and obtaining any benefit could be resolved without banning the use of wild animals in travelling circuses. If so how?

No

I am not a Scottish National

40. Consultation Question 11: What effect do you think a ban on the use and exhibition of wild animals would have on the revenue of such circuses? Why?

No change

41. Comments

Children like to be entertained with clowns and acrobats who have a choice about what they want to do.

42. Consultation Question 12: If a ban on the use and exhibition of wild animals was imposed, do you think that such circuses would still visit Scotland without the wild animals? Why?

Yes

43. Comments

They are not stupid - they will look at other ways to get their money.

44. Consultation Question 13: What effect do you think a ban on the use and exhibition of wild animals in travelling circuses would have on the revenue of other types of circuses (e.g. static or those travelling without wild animals)? Why?

Don't know

45. Comments

I would think it more likely that people would take their children to Circuses if there were no animals being persecuted there.
