1. I should be grateful if you could make arrangements to process this case and submit a report with recommendations to Scottish Ministers for their consideration and determination in connection with the above mentioned proposal. The application documentation notified to Scottish Ministers is contained on the enclosed disk and the contents have been copied over into the objective file to which DPEA have access.

2 If this case is to proceed by any method other than written submissions please let me know and I will prepare a minute of appointment upon receipt of the Reporter's details. Please note that letters of representation have been sent to Scottish Ministers and have been sent to PAD via the MACCS system and they are saved into the objective file and are easy to find. As well as that letters of representation have been sent to PAD directly and they are also stored on the objective file under the name of Representation to PAD from..... Please ensure that those who wrote to Scottish Ministers and PAD are added to your list of parties on your CHS.

3. Thank you for your assistance in this matter.
