1. I should be grateful if you could make arrangements to process this case and submit a report with recommendations to Scottish Ministers for their consideration and determination in connection with the above mentioned proposal. The application documentation notified to Scottish Ministers is contained in the eRDM file to which DPEA have access. Transport Scotland received representations from Anne-Marie McCarthy and that documentation is contained in the objective file. You will note from the call-in letter that the disk containing all the application documentation will be sent to you directly by the National Park Authority. Transport Scotland are to be treated as a main party to the application.
2. If this case is to proceed by any method other than written submissions please let me know and I will prepare a minute of appointment upon receipt of the Reporter's details.
3. Please note also that all documents produced by DPEA should be saved to the eRDM file.
4. Thank you for your assistance in this matter.
