

Drawing Number		17/NW/0102/002/002	
<b>KEY:</b>			
	120mm Overlay: Ch 0m - Ch 890m & Ch 920 - 1555		
	80mm AC20 Binder course and 40mm 10mm Breedon Fibre (Proposed carriageway level 120mm above existing)		
	40mm Inlay: Ch 890m - Ch 920m & Ch 1555 - 1585		
	40mm 10mm Breedon Fibre (Proposed carriageway level as existing)		
	See tie-in detail A on drawing 17/NW/0102/002/003		
	See tie-in detail B on drawing 17/NW/0102/002/003		
	55 PSV 16 AAV		
	68 PSV 16 AAV		
	Approx. location of BT overhead cable.		
	Approx. location of BT underground cable.		
	Approx. location of SSE l.v. overhead cable.		
	Approx. location of SSE e.h.v. overhead cable.		
	Approx. location of Scottish Water pipe.		
<b>NOTES</b>			
1. Refer to drawing number 17/NW/0102/002/001 for location details.			
2. Refer to Appendix B of the Construction Phase Plan for all known public utility locations in the vicinity of the scheme.			
3. Contractor to confirm location of all known public utilities before works commence. CAT Scanner to be used to locate underground plant.			
4. Refer to Appendix B of the Construction Phase Plan for a list of all environmental mitigation measures required during the works.			
5. Care should be taken to ensure that no pollution enters the drainage system or watercourses and relevant pollution prevention guidelines (PPGs) should be adhered to, notably PPG 5.
