Hi Jo

In respect of the new application for Uisenis, I will be your current point of contact.

Can you let me know your timescales for putting together a pre scoping brief? Am happy to set up a meeting – initial thoughts are that 2<sup>nd</sup> May would be best from the dates you've set out. It may be best if we contact the local authority in respect of a venue for this meeting, taking into account the location of the development.

Alan

Hi Cathy,

Good to chat to you just now. As discussed we are keen to progress with the new application for Uisenis and would like to get a pre-scoping meeting set up for one of the dates provided in the email below if possible (Wednesday 25<sup>th</sup> April or Wednesday 2<sup>nd</sup> May). Happy to discuss alternatives if these are not suitable.

Kind regards,

Jo

Hi Alan,

Thank you for your email.

On the assumption that we are able to arrange a meeting on Wednesday 2<sup>nd</sup> May, we would aim to get a scoping brief/draft scoping report to you by Monday 16<sup>th</sup> April to give a couple of weeks for this to be reviewed in advance of the meeting.

We're happy for you to contact the local authority to arrange a venue for the meeting – that would be very helpful thank you.

Kind regards,

Jo

Hi Morag

Thank you for arranging a meeting room in Stornoway for this. We will have SEPA, SNH, HES and FCS and the developer most likely - I'd be happy to give you a call to chat things through further, but am struggling a bit for time today. Would Tuesday or Wednesday suit you for me to call?

Alan

Alan

The 2 May 2018 is fine for a meeting re Muaitheabhal Windfarm. I will get a meeting room booked in Stornoway.

Can you advise me as to who else might be in attendance?

I am in Tues to Friday of next week and happy to talk then if you have a moment. I did not have involvement in the former consents but have looked over the files briefly. It would be useful to have a heads up on anything I need to look into in advance of the meeting.

Hi Alan,

Further to our call just now I'm afraid I don't have a specific contact at Historic Environment Scotland. We would like them to attend if possible but agree that we should not hold up the meeting planned for the 30<sup>th</sup> if they cannot make it and all other parties can.

Will look forward to getting confirmation on SNH and SEPA attendance tomorrow.

Kind regards,

Jo

**Subject:** Uisenis and Stornoway Wind Farms Pre-Scoping Meeting

Hi Alan,

Further to our discussion earlier today, Monday 30<sup>th</sup> April would be our preferred date for the pre-scoping meeting for Uisenis and Stornoway Wind Farms.

As previously discussed we propose discussing Uisenis first, then any overlap between the schemes, before moving on to discuss Stornoway. The Uisenis team would get the first flight out from Glasgow arriving first thing in the morning with the Stornoway team aiming to arrive in Stornoway around 11am so if we could accommodate these timings if possible that would be helpful.

Kind regards,

Jo

Hi Alan,

I'm not sure if you've looked at flights to Stornoway yet but just wanted to let you know that we're intending to get the 10.55am Logan Air flight from Glasgow which arrives at 12. From recent experience we think this will be sufficient time to get us to the meeting at the council offices in time for 12.30. We're intending to collect a couple of hire cars as we are staying up for a site visit the following day so would be more than happy to give you a lift to/from the meeting if you're intending to get the same flight.

Happy to discuss further if helpful to talk about logistics.

Kind regards,

Jo

**Cc:** Admin Support Dingwall  
**Subject:** RE: Uisenis and Stornoway Wind Farm proposals - pre scoping meeting

Hello Alan

My colleagues have responded in my absence, but just to confirm I will attend via VC.

Admin – The Cromarty meeting room is booked for this meeting. Please see email from Alan below regarding VC connection – please can you confirm our details to him (and copy me in).

Kind regards

Susan

**Subject:** Uisenis and Stornoway Wind Farm proposals - pre scoping meeting  
**When:** 30 April 2018 12:30-15:30 (UTC+00:00) Dublin, Edinburgh, Lisbon, London.  
**Where:** Council Offices, Sandwich Road, Stornoway

## **Electricity Act 1989** **Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2017**

### **Proposed Applications under Section 36 of the Electricity Act 1989 by EDF – ER for the Stornoway and Uisenis Wind Farms in the Planning Authority Area of Comhairle Nan Eilean Siar**

All

I write to formally invite you to a pre-scoping discussion on the above proposals by EDF. The meeting will commence at **12.30** at Council Offices, **Sandwick Road, Stornoway**, Isle of Lewis HS1 2BW.

The developer will shortly supply a draft scoping report for each proposal, which will be forwarded on to you, and an agenda for the meeting will be also be issued to you in advance.

For representatives of HES and SEPA who intend on joining via Video Conference, please advise us of the following details:

- **Whether you are using IP or ISDN**
- **if you are using ISDN please provide the relevant number and we will dial out, and**
- **if you are using IP then we will set up a bridge and a number will be provided for you to dial in.**

If you are joining via teleconference please supply the appropriate telephone number for us to call you.

Please confirm your attendance (or intention to join via VC/telephone) by return, and please don't hesitate to call me or email should you wish to discuss any of the above.

Many thanks,

**Alan Brogan | Consents Manager | Energy Consents Unit**

Hi Alan,

Further to our call just now I'm afraid I don't have a specific contact at Historic Environment Scotland. We would like them to attend if possible but agree that we should not hold up the meeting planned for the 30<sup>th</sup> if they cannot make it and all other parties can.

Will look forward to getting confirmation on SNH and SEPA attendance tomorrow.

Kind regards,

Jo

## Agenda Uisenis and Stornoway Wind Farms

Purpose	Pre-Scoping Meeting
Date and time	Monday 30 <sup>th</sup> April 12.30-3.30pm
Location	CnES Council Offices, Sandwick Road, Stornoway

Name	Organisation / Email	Att.	Dist.
Alan Brogan	Scottish Government Energy Consents Unit	•	•
Cathy Cacace	Scottish Government Energy Consents Unit	•	•
Ruth Findlay	Scottish Government Energy Consents Unit	•	•
TBC	SEPA	•	•
Ruth Cameron	Historic Environment Scotland	•	•
Mark MacDonald	Scottish Natural heritage	•	•
Morag Ferguson	Comhairle nan Eilean Siar	•	•
Grant Folley	Lewis Wind Power	•	•
Catherine Taggart	Wood	In part	•
Sue Birnie	Wood	In part	•
Kate Wigley	LUC	In part	•
Dan Walker	LUC	In part	•
Jo Cottin	LUC	In part	•

### 1 Introductions

Including developer and consultant team roles and responsibilities and key contacts

### 2 Uisenis Wind Farm

Overview of project history and existing consents  
Timescales for submission

### 3 Stornoway Wind Farm

Overview of project history and existing consents  
Timescales for submission

### 4 EIA Topics

Landscape and visual amenity including viewpoint selection  
Ornithological surveys  
Ecological surveys  
Cultural heritage viewpoint selection  
Approach to peat assessment  
Other topics (noise, traffic, socio-economics, other issues and new EIA topics)  
Approach to further consultation/project design workshops  
Next steps and AOB

**Subject:** RE: Lewis Wind Power - Draft Scoping Reports

Hi Jo

I've had a brief look at the draft reports prior to issuing the agenda and link to attendees. In respect to Uisenis (now renamed Muaitheabhal) you have referred to this as a 'repower'. I appreciate that this is a draft scoping report, but I would disagree with the use of the word 'repower' to describe this proposed application. You point out the headline paragraph from the draft Onshore Wind Policy Statement of January 2017 and the reference to planning history. However in the final statement published in December 2017, the principles set out within the section on repowering are that such 'repowering' applications are for established 'powered' wind farms coming to the end of their consented life, benefiting from existing infrastructure and grid connections. I appreciate that the issue of what constitutes repowering is a new and developing area. It must be noted that there is no distinct application process for these types of development within the current legislation. Happy to discuss the point further on Monday.

I appreciate that this is a draft scoping report, but I would disagree with the use of the word 'repower' to describe this proposed application. You point out the headline paragraph from the draft Onshore Wind Policy Statement of January 2017 and the reference to planning history. However in the final statement published in December 2017, the principles set out within the section on repowering are that such 'repowering' applications are for established 'powered' wind farms coming to the end of their consented life, benefiting from existing infrastructure and grid connections. I appreciate that the issue of what constitutes repowering is a new and developing area. It must be noted that there is no distinct application process for these types of development within the current legislation. Happy to discuss the point further on Monday.

## Brogan A (Alan)

---

**From:** Brogan A (Alan)  
**Sent:** 24 July 2018 13:58  
**To:** Brogan A (Alan)  
**Subject:** FW: Uisenis and Stornoway Wind Farm proposals - pre scoping meeting

---

**From:** Brogan A (Alan)  
**Sent:** 30 April 2018 10:13  
**To:** Cameron R (Ruth)  
**Subject:** Re: Uisenis and Stornoway Wind Farm proposals - pre scoping meeting

Hi Ruth

We will call you at 1230

Alan

Sent from my BlackBerry 10 smartphone.

---

**From:** Cameron R (Ruth)  
**Sent:** Monday, 30 April 2018 09:25  
**To:** Morag Ferguson - Dev | G; Brogan A (Alan)  
**Subject:** RE: Uisenis and Stornoway Wind Farm proposals - pre scoping meeting

Hi both,

I'm afraid I'm going to have to phone in rather than video conference. I realise not ideal, but it appears that our IT guys can't sort out the video conferencing at our end (the less said about that the better, to be honest).

Shall I dial in, or will you call me? I'll be on 0131 668 8778. I will have computer access with GIS and internet, etc, so hopefully that will help.

Cheers,  
Ruth

Ruth

I will need an ISDN number from you (as SEPA are using ISDN and we can't do a mix of ISDN and IP)

Regards

Mòrag NicFhearghais | Manaidsear Dealbhaidh, (Rianadh Leasachaidh) | Roinn Leasachaidh | Comhairle nan Eilean Siar | Baile a' Mhanaich | Beinn na Faoghla | Benbecula | HS7 5LA | Redacted

Hi Ruth

Just a reminder that Morag at the planning authority will need the following info from you for dialling in via VC on Monday at 12.30 –

*For representatives of HES and SEPA who intend on joining via Video Conference, please advise us of the following details:*

- *Whether you are using IP or ISDN*
- *if you are using ISDN please provide the relevant number and we will dial out, and*
- *If you are using IP then we will set up a bridge and a number will be provided for you to dial in.*

Many thanks

**Alan Brogan | Consents Manager | Energy Consents Unit**

Scottish Government | 4<sup>th</sup> Floor, 5 Atlantic Quay | 150 Broomielaw | Glasgow, G2 8LU

-----Original Appointment-----

**From:** Cameron R (Ruth) [<mailto:Redacted>]

**Sent:** 06 April 2018 11:54

**To:** Brogan A (Alan)

**Subject:** Accepted: Uisenis and Stornoway Wind Farm proposals - pre scoping meeting

**When:** 30 April 2018 12:30-15:30 (UTC+00:00) Dublin, Edinburgh, Lisbon, London.

**Where:** Council Offices, Sandwich Road, Stornoway

Many thanks Alan. Confirming that I will video conference in (I will provide a contingency phone number for dialling if our system fails as soon as I have one).

Cheers,  
Ruth

**Subject:** RE: Muaitheabhal and Stornoway Wind Farm proposals - pre scoping meeting - Agenda and link to draft scoping reports

Dear Alan and Morag

Nice to speak to you yesterday and to learn more about the proposed scoping approach. I make the following comments of the draft reports which it would be appreciated were addressed in the final versions:

- Battery storage – an additional sentence explaining the likely scale of this element of the project would be appreciated.
- Habitat survey information for Muaitheabhal – clarification relating to the fact that NVC data was not supplied for the original application but has now been collected for the whole site. (Would welcome inclusion of habitat maps in both scoping reports).
- Peat – would welcome existing peat probing results map in both submissions (with location of probes shown).

Could you forward this email onto the coordinating officers for each of the projects (I wasn't sure from the list who they were).

Kind regards

Susan
