Thoughts to consider in formulating schedules and plans for the production of Scottish SUTs and IOTs
(Various assumptions reflected, data quality, availability, resources, etc. and need to manage user expectations)

2019 Blue Book

2020 Blue Book

2021 Blue Book

Likely UK schedule and content National SUTs

Likely to contain revisions due to:
SUTs in CP and PYPs
New systems, methods, data, etc.
New Purchases Survey, Servcom, etc.
Some (few) GNI Actions addressed
Publish in September 2019

Likely to contain revisions due to:
Improved SUTs in PYPs
Improved systems, methods, data, etc.
Better Purchases Survey, Servcom, etc.
Lots (most) of GNI Actions addressed
Publish in September 2020

Likely to contain revisions due to:
Smaller improvements all round.
Remaining parts of some GNI Actions addressed
Publish in September 2021

Likely UK schedule Regional data

Published in December 2019

Published in December 2020

Published in December 2021

Likely SG schedule SUTs, GDP, etc

Based on 2019 Blue Book and RA data
Published what & when?

SUTs and IOTs in CP only?

Based on 2020 Blue Book and RA data
Published what & when?

SUTs and IOTs in CP and SUTs in PYP?

Onwards

Planning, evaluation, methods, systems, processes, parallel running, balancing, etc. of SUTs in PYPs plus quality assurance of double deflated GVA
